PRICE TEN CENTS

GREAT LEAGUE BALL TEAMS READY FOR CONTEST

THOUSANDS OF FANS
POURING INTO N. Y.
FROM ALL SECTIONS

(By Associated Press)

NEW YORK, Oct. 4.—The metropolis is all worked up over the world series. The novelty of having its own two major league clubs fighting it out for the highest baseball honors has set the whole town agog. So far the battle has been on paper and considerable paper already has been used, but the teams will get down to business tomorrow afternoon at the Polo grounds. Enthusiasm by the thousands are pouring into the city from the north, south, east and west, a few with tickets and others with the hopes of getting them. Hotels are rapidly filling, and it is predicted that sleeping space will be at a premium before the series starts. The outlook is for fine weather tomorrow.

The rival managers, McGraw and Huggins, are equally confident of the outcome of the games. "We are ready and no excuses will be offered on the score of condition if the Giants are beaten by the Yankees," said McGraw.

"I intend to play regular American league baseball in the series with the Giants," Manager Huggins said, "the kind of baseball that won for us in our season's campaign. I think it will be a hard-fought series."

HARDING ASKED
TO GIVE MINERS
A SQUARE DEAL

(By Associated Press)

WASHINGTON, D. C., Oct. 4.—Members of the committee appointed by the United Mine Workers of America at the Indianapolis convention arrived in Washington today to ask President Harding to give protection to 138 miners being held as state prisoners in West Virginia jails and whose lives, union representatives assert, are in jeopardy.

TWO SHIPMENTS OF
BULLION SENT OUT

The West End Mining company made a shipment of bullion this morning consisting of 28 bars, containing 58,700 ounces, and having a value of approximately \$66,000. This was the result of the clean-up for the last 15 days of September, and is in keeping with the production that has been maintained during the past several months.

The MacNamara also sent out a shipment consisting of nine bars and having a value estimated at \$19,000, which was the result of the clean-up of the plates at the mill for the last half of September.

SWIMMING WOMAN
MADE NEW RECORD

(By Associated Press)

NEW YORK, Oct. 4.—Checking up has shown that Miss Charlotte Boyle, of the New York Women's Swimming association, established a new world record for women in the 220 yards event when she negotiated the distance in 2:51.25 in the Metropolitan A. A. U. championship swimming meet.

SETTLEMENT OF
OIL STRIKE IS A
REMOTE MATTER

(By Associated Press)

BAKERSFIELD, Cal., Oct. 4.—Leaders of the striking oil workers today declined to discuss the telegram from Secretary Davis of the department of labor, received yesterday by the Oil Producers' association at San Francisco. The telegram said in effect that the government officials preferred to see the strike settled between the directly interested parties if that could be done.

Strike leaders said last night they did not know if any further steps would be taken so far as the men were concerned until they had received a reply to a telegram sent to Secretary Davis Sunday evening in which he was requested to enlist the government in an effort to end the strike. Everything is reported to be quiet in the fields. Widely published statements that strike-breakers had invaded the Coalinga fields and were operating a large lease there was emphatically denied by Vice-President Frater.

(By Associated Press)

SAN FRANCISCO, Cal., Oct. 4.—The telegram sent by Secretary Davis to the Oil Operators' association of California, suggesting a way in which the differences which caused the present oil fields strike might be composed, will be considered by the executive committee of the association here tomorrow. It was announced.

DEAD HUSBAND MADE
WILL IMMEDIATELY

(By Associated Press)

TWIN FALLS, Idaho, Oct. 4.—That Mrs. Lydia Southard, on trial here for first degree murder of her fourth husband, Edward F. Meyer, was married to Meyer at Pocatello on August 19, 1919, and Meyer's will in which he bequeathed his entire estate to his bride was drawn the following day, was the testimony of Ben F. Bushman, a Buhl, Idaho, attorney, adduced by the state at the opening of the eighth day of the trial.

POLICE CHIEF'S MOTHER
PLEASANTLY SURPRISED

The home of Chief of Police Cochran was the scene of much merriment last night when a number of people appeared unceremoniously to surprise Mrs. Lizzie Cochran, mother of the chief, who arrived recently from Sterling, Colorado. The good lady was even more surprised when she was presented with a gold thimble. The evening was passed pleasantly in playing of cards, favors being awarded as follows: First, Mrs. Rudolph Merten; second, Mrs. A. A. Clute; consolation, the guest of the evening. Those present were Mesdames W. H. Thomas, Lida Gilbert, Abernathy, William Trabert, Bodini, Merten, Laura Egan, Pomeroy, Clute, Patten, Shaughnessy, Frank Henderson, and Miss Mary Thompson.

BRANCH H. SMITH IS
MEMBER L. A. CURB

Branch H. Smith has favored The Bonanza with a card announcing the opening of stock brokerage offices in the Washington building, Los Angeles. Mr. Smith is a member of the Los Angeles curb exchange. He formerly was a resident of Tonopah, being a member of the firm of Smith & Calhoun, mining engineers. For a long period he was superintendent of the Monarch Pittsburgh mine.

LLOYD GEORGE
THINKS GOOD
FORTHCOMING

(By Associated Press)

INVERNESS, Scotland, Oct. 4.—Premier Lloyd George, in a speech here concerning unemployment, devoted in his introduction to refer optimistically to the forthcoming conference in Washington, declaring that "it will constitute one of those outstanding events which will affect human history for centuries." On the Irish question, the premier declared the London conference on October 11 between representatives of the British government and the Sinn Fein "can only succeed if those who enter make up their minds definitely and resolutely to trust to the common sense of their own people and do not try to reconcile the extremists."

MANY STUDENTS
DISMISSED FOR
HAZING STUNTS

(By Associated Press)

CHICAGO, Oct. 4.—Fifteen students at Northwestern university have been dismissed as a result of an investigation into hazing following the disappearance of one student and the near drowning of another two weeks ago.

DEAL PENDING FOR
HORNSILVER GROUP

Eugene Dougherty left this morning for Hornsilver, where he holds valuable mineral claims. Mr. Dougherty was one of the first to enter the new-old gold-silver fields following the sale of the Orleans property to the Orleans Hornsilver Mines company, and succeeded in locating two groups of claims that make a splendid showing from surface development.

At Goldfield Mr. Dougherty expected to meet some mining men from another district who were to accompany him to the new camp, a verbal option having been granted the newcomers upon one of the properties. The deal is reported to be all but ready to be closed and if negotiations are concluded, then an active campaign of development will at once be instituted.

EDWARD HARRISON,
MINER, KILLED AS
RESULT EXPLOSION

Picking into a missed hole while at work on the 1700 level of the Victor shaft this morning, Edward Harrison, aged 47 years, received injuries as a result of the explosion which followed that resulted in his death two hours later at the Mine Operators' hospital. When the blast occurred Harrison was struck full in the face and body. His eyes were blown out and he received a mass of contusions and abrasions about the face, head and body. The thumb and forefinger of the right hand were severed, yet the man was partially conscious from the hour of the accident, which occurred shortly before 9 o'clock, until he succumbed two hours later. A hemorrhage and surgical shock preceded his demise.

Harrison was working alone at the time of the accident in a winze below the 1700 level. He was cleaning out the workings and miscounted and picked into one of his own holes. Fellow workmen, upon hearing the explosion, made an investigation, and immediately notified the office and Dr. Church was summoned, arriving shortly after 9 o'clock. Harrison was still on the 1700 level, and when Dr. Church had descended into the workings he quickly realized that the injured man was beyond hope of recovery. Dr. Church rendered first aid and removed Harrison to the hospital.

ARREST ARBUCKLE
ON LIQUOR CHARGE

(By Associated Press)

SAN FRANCISCO, Cal., Oct. 4.—Arrangements have been completed to arrest Fatty Arbuckle for alleged violation of the Volstead act when he arrives here from Los Angeles tomorrow to answer a manslaughter charge in connection with the death of Virginia Rappe. Robert H. McCormick, assistant United States attorney general in charge of the prohibition prosecutions, announced.

McCormick said the liquor source was traced to Goby's Grill on Market street, a few blocks from the St. Francis hotel where the party was held, but when a federal raid on the grill was arranged "it was tipped off by someone in the office of E. Forest Mitchell, district prohibition enforcement officer."

SIX BILLIONS
LOST THROUGH
UNEMPLOYMENT

(By Associated Press)

WASHINGTON, D. C., Oct. 4.—Losses in earnings throughout the country during the past fiscal year, due to involuntary idleness, was put at over \$6,000,000,000 in an estimate prepared by economic experts in the national conference on unemployment.

TRADING IN SHARES
SHOWING INCREASE

There was a lively session on the San Francisco mining exchange today, with a total of 154,200 shares being traded. It was the best business day in a long period, and only goes to show that the investing public is awakening to the big money of the mines in Nevada, and especially those of the Tonopah and Divide districts. It reminded one of old times in the activity that was in evidence, and the opinion prevails that better days are near at hand, and that many mines will gain in popularity.

WITNESSES SUMMONED
BEFORE U. S. GRAND JURY

James Smith and George Dimmick left this morning for Carson City, having been summoned to appear as witnesses before the United States grand jury. Both men were subpoenaed to give testimony in the case to be presented against John Murray, charged with violating the Volstead prohibition act.

MASKED BANDITS
SECURE BIG HAUL
LOYALTON BANK

(By Associated Press)

LOYALTON, Cal., Oct. 4.—Two masked bandits at 10:30 a. m. today walked into the Sierra Valley bank, held up Cashier Stanley Sherwood, and Assistant Cashier George O. Brooks, locked them and a bank customer in a vault and made away with \$15,000. A posse of citizens followed the bandits, who escaped in an automobile with a flat tire.

Poses of citizens, led by Constable McCullough, took up the pursuit shortly afterwards. The highwaymen fled in an automobile in the direction of Truckee and Verdi. A short distance out on the road they met Dr. Earl Brand, a Loyalton veterinarian, and forced him to surrender his automobile, abandoning their own.

KU KLUX KLAN
INVESTIGATED
IN SAN ANTONIO

(By Associated Press)

SAN ANTONIO, Texas, Oct. 4.—District Judge Taylor today charged the grand jury of the forty-fifth district court to make a complete investigation of the Ku Klux Klan to determine whether its purposes and activities are lawful. He instructed the jury to return indictments if any violations were found.

FARMER DOUGHERTY
BACK TO MINING

Roger "Dug" Dougherty, prosperous farmer off the Elly road, 60 miles from Tonopah, accompanied by his wife arrived in town yesterday, and was greeted by a wide circle of friends. Mr. Dougherty has experienced a prosperous season and succeeded in harvesting a big crop of alfalfa and hater corn which he will use in fattening a portion of his herd of 175 cattle for market. He claims to have broken a record in growing rutabagas, and has one which he is going to place on exhibition that weighs in the neighborhood of 15 pounds. His potato crop was a complete success and he now has ready for shipment about 15 tons of the finest Irish vegetable ever grown in southern Nevada.

Mr. Dougherty is now about ready to take up mining, feeling that a general revival is at hand, and that Tonopah and all surrounding districts are going to experience a season of great prosperity. He and his wife left today for Hamilton, White Pine county to visit old scenes for a few days, and upon their return Mr. Dougherty will proceed with development upon the Buckskin and Torpedo groups of claims in the Divide, as well as a property on Lone Mountain. On the Buckskin property, located near the Ben Hur holdings, the surface showing is reported as being unusually good, a small vein having been uncovered a few months ago that shows high silver values.

HUNGARIAN TROOPS
LEAVE SECOND ZONE

(By Associated Press)

BUDAPEST, Hungary, Oct. 4.—Hungarian troops began to withdraw from the second zone of Baranland, a narrow strip of territory along the Austrian frontier, yesterday.

TEN-DOLLAR FINE IS
IMPOSED ON MOONEY

Mike Mooney, arrested upon the charge of assault upon the person of Frank Williams, paid a fine of \$10 before Justice Cuddy yesterday. It developed Mooney was not the aggressor in the pugilistic encounter with Williams, but that the latter injured his hand when he accidentally rammed his fist through a glass in the door of a local restaurant.

WESTERN SENATORS
URGE GOLD BONUS
RESOLUTION PASSHIGHTOWER JURY
WILL BE SWORN IN
THIS AFTERNOON

(By Associated Press)

REDWOOD CITY, Cal., Oct. 4.—When superior court convened today, counsel for both sides expected the jury to be sworn in this afternoon to try William A. Hightower, charged with the murder of Father Healin. Hightower had a restless night and ate little breakfast. He was composed when led into court to listen to the interrogation of the prospective jurors.

When the jury has been empanelled, District Attorney Swart will make the opening statement for the prosecution and witnesses for the state will begin their testimony. Swart said he expected to put over 40 witnesses on the stand. One of those will be Mrs. Doris Shirley Putnam, who at the time of Hightower's arrest was said to be intimately acquainted with him. She is expected to disprove his alibi.

OPPOSITION TO
MINING LAWS
IS DEVELOPING

As a result of the meeting last Saturday night in the Chamber of Commerce at Reno, when Dr. H. Foster Bain, director of the United States bureau of mines, explained in detail the mining bill now before congress, the mining committee of the Reno Chamber of Commerce and a committee from the Nevada Mine Operators' association will work out a definite report on the bill to submit to congress as Nevada's opinion of the law.

The meeting was attended by about 100 mining men and a general discussion of the provisions of the law brought out considerable opposition to several provisions, especially the provision dealing with assessment work and the one abolishing the extra lateral right of the present law.

It was contended by some that the present mining laws were adequate and that the prospector and the operator were doing very well under the present system.

Laying out of claims along government survey lines was also objected to, as was the provision providing that claims could be held for five years without a discovery. It was contended that the provision allowing a claim owner to pay \$100 a year into a development fund instead of doing actual assessment work would work a hardship on the prospector and would enable a mining company or a man with money to hold claims for five years and not do any work which in the end would retard the opening up of new properties.

Dr. Bain traced the history of mining in this country and said the proposed law was little more than a compilation of all the present mining statutes.

Twenty-two senators have signed a resolution which has been submitted to Andrew F. Mellon, secretary of the treasury of the United States, touching upon the gold situation. This resolution was mailed to the secretary by Senator Tasker L. O'Neil, and has reference to the bonus of \$10 an ounce being paid by the government for all gold mined, in the hope that the industry will be stimulated. House resolution 5025, containing a provision to levy an excise, in accordance with the constitution, has been referred to Secretary Mellon for his consideration, with the request that prompt recommendation be made. The resolution follows:

Whereas gold is the standard of value and the basis of all credit, and its production is vitally important to the financial and commercial life of the nation and of the world, and

Whereas the production of gold in the United States has declined from \$161,035,000 in 1915 to \$14,509,000 in 1920;

(Continued on Page Three.)

TO RETAIN FLEET,
THEN FIX HARBOR

LOS ANGELES, Cal., Oct. 4.—Los Angeles must improve her harbor to keep the Pacific fleet, Admiral R. W. Elgie, commander-in-chief, told the members of the Chamber of Commerce here yesterday.

"You must have ample harbor facilities," he said. "The fleet came here two years ago and has since used the local harbor as an operating and exercise base, but the berthing has never been adequate, and now we have been asked by your harbor authorities to give up part of the anchorage we have been using. If you expect us to base here you must allow us sheltered and proper anchorage. If we vacate any more we might as well go into the open sea."

SCHOOL ON BOAT IS
JOY THESE KIDDIES

(By Associated Press)

REDGEFIELD, Wash., Oct. 4.—Going to school is not without its joys to the children living along Lake river, near here, for each day they go and return home by boat. The school district employs two "kid boats," gasoline launches, as well as a "kitt truck" automobile to convey the children.

A high school student operates one of the launches on Lake river and makes round trips daily between the municipal wharf and a ranch two miles south. The other launch runs from the city dock to the head of Bachelor Island slough and the mouth of Lake river, about 10 miles.
